

The 23rd Cambridge Workshop on Cool Stars, Stellar Systems, and the Sun

Code of Conduct

Cool Stars 23 is dedicated to a harassment-free workshop experience for everyone regardless of gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, age, national origin, or religion. We do not tolerate harassment of workshop participants in any form. Sexual language and imagery are not appropriate in any workshop venue, including talks, poster sessions, and organized social activities. Workshop participants violating these rules may be sanctioned or expelled from the workshop without refund at the discretion of the workshop organizers.

Harassment of participants at any point during the workshop will not be tolerated. Harassment includes, but is not limited to:

- Verbal comments that reinforce social structures of domination related to gender, gender identity and expression, sexual orientation, disability, physical appearance, body size, race, age, national origin, or religion
- Sexual images/clothing/uniforms/costumes or otherwise create a sexualized environment in public spaces
- Deliberate intimidation, stalking, or following
- Harassing photography or recording
- Sustained disruption of talks or other events
- Inappropriate physical contact
- Unwelcome sexual attention
- Advocating for, or encouraging, any of the above behavior

Enforcement Policy

Participants asked to stop any harassing behavior are expected to comply immediately.

If a participant engages in harassing behavior, workshop organizers retain the right to take any actions to keep the event a welcoming environment for all participants. This includes warning the offender or expulsion from the workshop without refund.

Workshop organizers may take action to redress anything designed to, or with clear impact of, disrupting the workshop or making the environment hostile for any participants.

We expect participants to follow these rules at all workshop venues and workshop-related social activities. We think participants should abide by these rules outside of workshop sanctioned activities, as well.
